

C156L

15.6 Inch Ruggle Laptop

Features

- Domestic Loongson 3A5000 quad-core 1.5GHz processor
- DDR4 high-speed memory supports up to 16GB
- Full HD display panel, sunlight readable
- Aluminum-magnesium alloy reinforced design
- Protection level : IP65
- 100% domestic ,JM7200 2G graphics card
Optional JM9230 4G graphics card
- Operating temperature: -20°C--+55°C

Description

C156L is a 100% domestic fully reinforced notebook computer with IP65 protection level, using domestic Loongson 3A5000 quad-core 1.5GHz processor, domestic Kirin operating system, supporting domestic office software, domestic database operation. With a variety of general external interfaces, this laptop has the characteristics of high integration, portability, strength, autonomy and controllability, etc. It is suitable for all kinds of harsh and complex special working environment.

Specifications

Processor	CPU	Loongson 3A5000 Quad-Core 1.5GHz processor core 16MB Three-level sharing Cache
	Frequency	Basic frequency 1.5GHz.
	LAN	GigE Lan port *2
	Memory	Onboard DDR4 Maximum 16GB
	Storage	500GB NVME
	Interfaces	2 x USB3.0, 2 x USB2.0, 1 x VGA, 1 x COM 1 x DC in 1 x Audio, 2 x 1W8Ω
Display	Contrast ratio	800:1 (Typ.) (TM)
	Resolution	1920X1080
	Size	15.6"
	Luminance	500(cd/m2)
Physical characteristics	Dimension	About: W 374 X H 70.5 X D 269mm Corners and handles are not included
	Weight	≈9kgs
OS	OS	Kirin operating system
Power Supply	Power consumption/Endurance	Maximum 50W, battery life≥3h
Environmental suitability	Operating temperature/humidity	-20°C ~ +55°C (Optional -40°C) 5% ~ 98% (non-condensing)
	Shock	Half sine 5G, 11ms, XYZ axis 3 times, running state 20 ~ 200Hz 1.5G random vibration 30min, running state
