

Xi'an Healthway Biotech Co.,Ltd was established in 2010, located in Xi'an China. Healthway is a leading botanical extracts manufacturer and ingredients solution provider with more than a decade of professional experience.

Healthway has passed ISO 9001, ISO 22000, Kosher and Halal Certification. We own 6000 square meters production area with professional equipment, which endows HEALTHWAY with capability to produce more than 1000 MT raw materials annually. Our company adopts "Farmer - Planting base - Enterprise" contracting farming business mode to ensure the product authenticity and supply stability.

Healthway is not only a raw material supplier, but also can provide one-stop service for clients, providing finished products service for Amazon and online store clients. We can do product subcontracting, filling capsules and tablets to meet all your needs.

Besides our quality inspection department are equipped with advanced testing machine, such as HPLC, UV and GC. We also cooperate with Eurofins, SGS and Pony, we can support you the third-party test for each batch of goods.

We always believe that high-quality raw materials produce functional products, and good functional products bring more clients and a broader market. Maximizing clients value is the unwavering pursuit of our company, and we are your trusted long-term cooperative supplier.
